# FMFI AUTUMN SYMPOSIUM -

"STRIVING FOR BIRTHS *WITHOUT* DEFECTS"

12-14TH AUGUST, 2017  
UDAIPUR

We expect a minimum of 200 focused delegates drawn from the fields of Fetal Medicine, Radiology, High Risk obstetrics and Paediatric cardiology to avail of this training opportunity.

The highlights of the scientific programme are **4 workshops with live demos and didactic lectures.**

# Dear Exhibitor

We invite you to participate in a symposium  
"Striving for Births without Defects" to be held over the  
weekend of 12/ 13/ 14th August 2017 in Udaipur, Rajasthan.

With the work that FMFI does at the ground level we have realized that the scientific content of the programme needs to be tiered such that we can help doctors with different levels of scanning skills and different needs to gain the most from the programme. With this in mind, we are going to have **4 workshops combining both Live scanning and lectures**

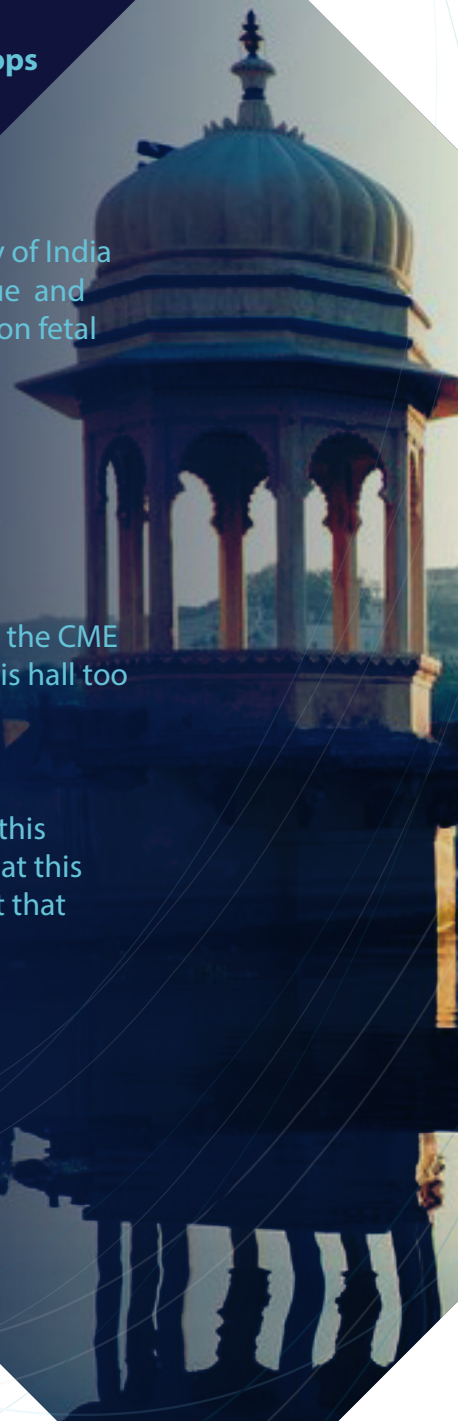

- Basic Cardiac Scanning Skills
- Anomaly scan and maternal serum screening
- Advanced Fetal Echo in cooperation with the Paediatric Cardiology Society of India
- Fetal Intervention simulation workshop with Prenatal Diagnostic Technique and Basic Clinical Genetics as well as a full day CME with discussions on common fetal anomalies and how to correct them.

We have two excellent teachers as our international faculty as well as eminent national faculty. To ensure that we have PCPNDT compliance and that Demo machines can be easily moved into and around the State (providing they have GPS trackers) we have sought the intervention of Central Ministry.

Workshops 1 and 2 will be at **RNT Medical College** whilst workshops 3, 4 and the CME will be at **Durbar Hall, Fateh Prakash Palace** on the banks of Lake Pichola. This hall too will be registered with the local PCPNDT office.

We expect a minimum of 200 focused delegates drawn from the fields of Fetal Medicine, Radiology, High Risk obstetrics and Paediatric cardiology to avail of this training opportunity. Most of them are users of ultrasound and your presence at this event will show your commitment to training and teaching. We have no doubt that many potential customers too will come from this group. We look forward to your generous support .

**Best regards**  
**Anita Kaul &**  
**Prathima Radhakrishan**

12-14TH AUGUST, 2017  
UDAIPUR

Two key international  
faculty invited are;

### Dr Greg Ryan

Head of Fetal Medicine,  
Mount Sinai. Professor in
