## FETAL MEDICINE FOUNDATION INDIA BIENNALE CONFERENCE

### Dear Colleagues, Greetings of the day from Fetal Medicine Foundation, India.

We are organising our biannual conference with the dual theme of "Multiple Pregnancies" and "Fetal Heart", from August 23rd to August 25th, 2024, at the prestigious Hyatt Regency, Dehradun. This event aims to gather over 250+ delegates from across the medical community with both International and National Faculty, to discuss and exchange insights on the challenges and advancements in fetal medicine.

We plan 2 parallel halls with discussions and Live Demo on screening and managing multiple pregnancy, with a parallel hall dedicated to Fetal Heart defects: Diagnosis and Treatments along with our Paediatric Cardiologist Colleagues.

Day 1 of the Conference (August 23, 2024, Friday) will have the following events:

- Lectures and **Live Ultrasound Demonstration** on Dopplers in Obstetrics (all trimesters) in both Singleton and Multiple pregnancies.
- Lectures and **Live Ultrasound Demonstration** on Antenatal Screening for Aneuploidies (mainly Down Syndrome) in Singleton and Multiple pregnancies in the First and second Trimester
- FOGSI-FMFI Workshop, First Things First on Early Pregnancy and the First Trimester NT scan
- Masterclass in Fetal Interventions workshop.
- Genetics meet Anomalies workshop

We plan to have an invigorating, rejuvenating conference in the beautiful hills of Dehradun. The location is only a 45-minute flight away from Delhi and would be barely 3-hours drive away from many cities in the North via the new highway that is opening soon.

By sponsoring this event, your organization will not only demonstrate its commitment to advancing medical knowledge and patient care but also contribute to improving the health and well-being of expectant mothers and their babies.

We look forward to your positive and active participation.

Regards.

Dr Anita Kaul  
Organising Chairperson  
President, FMF India
