

“ Dr Haratz has deep knowledge of the Fetal brain and the clinical implications of the neuro scan findings. We cannot have a better and a more willing teacher
- Anita Kaul

Faculty
Dr. Karina Krajden Haratz
ISRAEL

Specialist in Fetal Medicine and Fetal Neuroimaging, Vice Director, Division of Ultrasound in ObGyn at Lis Maternity Hospital, Tel Aviv Sourasky medical center. Senior lecturer at Tel Aviv University, Scientific committee of ISUOG

HIGHLIGHTS:

A unique 3-day intensive learning experience on Fetal Neurosonography focused on the exam technique and definition of normal imaging patterns:
Hands-on training, dedicated time with expert, state-of-the art lectures, 3D practice with real-case volumes.

Course Coordinators: Dr Rachna Gupta, Dr Akshatha Prabhu

DAY -1

- 08h00 • Registration and opening.
- 08h15 • Neurosonoembryology - watching the embryonic brain unfold through ultrasound.
- 09h15 • The lateral ventricles: developmental sonoanatomy and work-up in ventriculomegaly.
- 10h15 • Coffee break
- 10h45 • Developmental sonoanatomy of the anterior complex and the CC and abnormal imaging patterns.
- 11h45 • Demo - abnormal cases - live/ OPUS.
- 13h00 • LUNCH
- 14h00 • Technical difficulties of the Neurosonographic exam & their “navigation”.
- 14h45 • Physical aspects - “tips & tricks” for better imaging the fetal CNS, 3D/4D.
- 15h30 • Demo - abnormal cases - live/ OPUS.
- 16h30 -18h00 • Panel Discussion - Anterior Complex, Ventriculomegaly, Infections, Cysts-Moderated by Rachna Gupta.

DAY -2

- 08h30 • The fetal brain parenchyma and cortex – normal development - sulcation and gyration/patterns of diseases - lissencephalies/micro-macrocephaly/abnormal cortical organisation.
- 09h45 • Developmental sonoanatomy of midbrain-hindbrain structures and the differential diagnosis of MB-HB anomalies - disorders of brainstem, cerebellum, Dandy-Walker malformation, Vermian Hypoplasia.
- 11h00 • Dialogue with Dr. Karina Krajden Haratz- Questions that are not answered in text books- Moderated by Akshatha Prabhu.
- 12h00 • LUNCH
- 13h00- 18h00 • Hands on practice on live patients.

DAY -3

- 09h00 • 3D/4D workshop

TARGET AUDIENCE: Sonologists and Fetal Medicine practitioners, ObGyn Ultrasound consultants (max 20 delegates for hands-on)

REGISTRATION: 35000/- Theory with Hands On Practical , 16000/- Theory [CLICK HERE TO REGISTER](#)

For queries contact: Dr Rachna Gupta, General Secretary: 09899294499 Dr Akshatha Prabhu, Secretary : 09891494545
